

Mine Operations Manager, Athens - Yali Islet Nissuros

[Aegean Perlites SA](#) extracts and processes Perlite Ore on the isle of Yali, Nisyros. We are currently looking for a Mine Operations Manager for our open pit and processing operations on the mine in Yali. The job will be shared between our offices in Athens (70%) and our installations in Yali (30%).

The company has been exploiting the mine for more than fifteen years and is one of the major Perlite producers in Greece. Its products are mostly exported, mainly in the Mediterranean and Middle East area.

Position

Reporting directly to the stakeholders and management, you will lead the surface, processing and loading operations with a focus on maximizing safe production while minimizing costs. Training and mentoring of local personnel is a requirement. Production must be quality oriented and quality control and/or laboratory experience is a plus. Previous experience working in a similar environment is an asset. Mechanical engineering background or experience would also be greatly appreciated.

Mine Operations Manager Role

- Ensure all Health, Safety and Environmental policies are adhered to.
- Manage all mining and production operations and associated technical service activities.
- Coordinate with sales and meet ore delivery goals.
- Management, control and development of Mine Operating Budget.
- Further develop and implement rigorous quality control testing and protocols.
- Train, manage and mentor staff and promote employee development.
- Optimize and implement rigorous reporting procedures for production and exploitation.
- CAPEX projects design, budgeting and assessment.

Mine Operations Manager Experience and Skill Set Requirements.

- Mine Engineering degree required.
- Additional Mechanical Engineering background is a plus.
- 3 or more years experience in open pit mining operations.
- Previous supervisory or management level experience.
- Total commitment to health and safety.
- Strong communication skills in English.
- Excellent technical and software skills required.

A competitive salary is on offer in addition to generous short and long term incentives.
