

As part of the DTS Group, DTS CLOUD SECURITY MonEPE supports customers, as an established IT service provider, in the focus areas data center, technology and security. With our two own certified German data centers and over 400 employees at 14 locations in Germany and Greece, we offer customers versatile, innovative and hybrid solutions. Flat hierarchies, friendly atmosphere, sustainable personnel development, and an open-door culture - that's DTS.

Cyber Security Administrator (m/f/d)

Location: Athens or Thessaloniki

Time: Immediately

Type of employment: Full-time, permanent contract

Your Tasks

As a Cyber Security Administrator (m/f/d) you are an important part of our international Cyber Security Operations Team. You will be responsible for maintaining our own as well as the multi-faceted security landscape of our customers, which also includes the operation of our managed security services. The following activities are within your area of responsibility:

- Administration and operation of security solutions, such as next generation firewalls, email security gateways, endpoint protection and vulnerability management
- Handling maintenance tasks such as patchdays on a regular basis to make sure we are as resilient as possible concerning the availability of our services
- Help customers with implementing planned changes to their security infrastructure
- Making sure monitoring includes all relevant services and constantly reviewing room for improvement
- Keeping all relevant documentation up to date and helping in constantly extending our internal knowledge base
- Assist in constantly developing our automation platform

Your Know-how

- Strong interest in Cyber Security topics
- Optional: You have basic knowledge about security systems (firewalls, email security gateways, endpoint protection, vulnerability management)
- Completed studies in IT or comparable professional experience
- Fundamental IT knowledge in networking administration and operating systems
- Basic knowledge of Active Directory, backup strategies and virtualization platforms
- Ideally automation experience with tools like Ansible to streamline tasks and enforce consistent configurations
- Good to have: You bring experience in comparable positions, such as Network Administrator, Network Security Administrator, Systems & Network Administrator, Systems Administrator etc
- Solid knowledge of English

Your Personality

- Strong team spirit and enjoying international as well as virtual cooperation
- Systematic way of thinking to get an overview of complex structures
- High willingness to learn because Cyber Security is constantly evolving
- Independent and careful way of working
- Customer- and service-oriented methods of operation

Our Offer

- 30 days of vacation (regardless of the length of service)
- Private health insurance for our employees and their dependents (spouse/children)
- In-depth, comprehensive training (approx. 1-3 months) in Germany at our expenses included one monthly flight back to Greece during the whole training period
- Go for EAT - Ticket restaurant card
- Modern hybrid way of working, characterized by flexible working arrangements
- Team-oriented working environment and a broad variety of tasks in an international and diverse team, based on trust and transparency
- Continuous opportunity for personal and professional development and learning
- Personal company hardware
- Free snacks and beverages

Become part of our team and bring in your professional knowledge as well as your positive personality traits!

Have we aroused your interest? If so, we look forward to receiving your detailed application, stating your desired (gross) salary and the earliest possible starting date.

Do you have any further questions about your career at DTS? Please send us an email or give us a call!
