

Junior Data Scientist (JDS1710)

<http://www.eworx.gr/?i=eworx.en.careers.417>

Description of position

Are you a programmer with solid quantitative skills and the ability of decomposing complex data structures into engaging visualisations? If so we have an opportunity for a Junior Data Scientist that will be part of a talented software team that works on the development of novel data visualization projects for our clients' web applications. S/he will be responsible for application development while providing expertise in the full software development lifecycle, from technical architecture to functional testing.

Typical Responsibilities

- Investigate, design and implement big data visualizations to support client requirements and support requests.
- Follow approved life cycle methodologies and perform program coding and testing.
- Resolve technical issues through debugging, research and investigation.
- Work autonomously (as part of a larger team) to investigate problems in a given codebase, identify the root cause and propose, develop and test a stable technical solution.

Requirements

To be successful, your resume would need to clearly illustrate the following:

- BS/BA degree in Computer Science, analytics or related discipline from an accredited college or university.
- Proven hands on web development experience with more than 3 years of professional experience.
- Object Oriented analysis and design ;
- Excellent knowledge of Relational Databases, SQL;
- JavaScript development
- Programming experience in either PHP or Python or Java
- Linux experience (Any flavor)

The following will be considered a plus:

- Experience with an Agile Development Methodologies (ie SCRUM, LEAN, KANBAN)
- No SQL database experience;
- Knowledge of R will be considered favorably
- Experience in developing with JavaScript visualization libraries.

Benefits

- Competitive salary.
- Opportunity to work in high-profile, international projects.
- Continuous education and knowledge exchange.
- Friendly and stimulating environment.
- Career path.
- Private Health Insurance Coverage.
