

We are transforming the experience of big city living.

Keeping in mind people's growing desire to be flexible and mobile while appreciating comfort and finer things in life, we are building a network of convenient, fully furnished, beautifully designed apartments in the large, vibrant cities around the globe. To understand more about our business, please check our website www.theblueground.com

At blueground, we invest first and foremost in our people, trusting them to meet and exceed the expectations of our guests and partners. We build our culture around people that:

- Seek excellence in everything they do
- Thrive in a fast-paced, high energy workplace
- Value efficiency and respect other people's time
- Are team players and have a strong work ethic
- Don't forget to have fun and be positive

We are looking for an undergraduate or recent graduate **Civil Engineer or Architect** to join our **Athens** based team as a **Furnishing Intern**, for a 3 month period at least.

ACCOUNTABILITIES

- Creating Furnishing and inventory lists
- Designing the apartments' floor plans
- Updating data in our inventory app
- Checking and updating data in our database (BlueB)
- Participating in properties inspections

You may send your CV to hr@theblueground.com
