

User Experience / Graphic Designer (GRD1803)

<https://goo.gl/h1Mpf5>

Description

You will join our UX Design team for the design of complex websites and digital products in the scope of European and national public and private sector projects. The work relates to all stages of design and support: brainstorming, conceptualisation, production of a complete functional model and so forth. The position requires a combination of creative and technical skills aiming at the implementation of outstanding products within defined specifications.

The successful candidate will undertake the following duties

- Conceptual design, processing and implementation of high-quality digital graphic design layouts.
- Development of graphics for illustrations, logos, infographics, websites and mobile applications.
- Book, Leaflet, Brochure, Poster, Banner, Folder, Business card design.
- DTP authoring.

Qualifications

Candidates should have:

- Talent, creativity and passion for usable and compelling digital design creation.
- Bachelor-level diploma in disciplines such as Graphic Design, User Experience Design and/or Multimedia.
- Desire for a career in a fast-developing communications company.
- Working knowledge of English.
- Team and restless spirit and will for continuous learning and self-improvement.

Technical Qualifications

- Proven experience (2-3 years) in a similar position (portfolio is required).
- Up to date with industry leading software and technologies (In Design, Illustrator, Photoshop etc).
- Web design principles.
- Good knowledge of HTML5 and CSS3 will be considered as a plus.

Benefits

- Competitive salary.
- Opportunity to work in high-profile, international projects.
- Continuous education and knowledge exchange.
- Friendly and stimulating environment.
- Career path.
- Private Health Insurance Coverage.
